Dear Friends,

Light and Mercy is a nonprofit organization committed to giving help and support to victims of terror and wounded soldiers. We have dedicated ourselves to this work for the past five years.

One year ago during the Second Lebanon War, our organization worked for the entire six weeks of the war in cooperation with other charitable organizations. We were able to raise \$54,000 worth of practical aid to soldiers and to civilians living in the areas in northern Israel that were directly affected by the bombardment of Katusha rockets. We delivered water, flak jackets and medical equipment to the soldiers in the Medical Corps; and supplied food, necessities and water for the citizens living in the war area.

Now, while still recovering from the losses we suffered last year, the analysis from our military and the security situation in the country warn that another war is close. We hope that it will not happen but we must be ready.

We are asking you to your help us, for Israel's sake.

Miki Solomon, *Light and Mercy*
